## PROPERTY DESCRIPTION

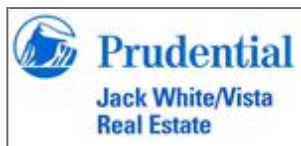

Recent upgrades to this home makes it worth fighting the 80th Avenue construction to see.

Kitchen counters and back splashes now have quartz and granite for easy care and class. Stainless appliances add extra elegance. Kitchen and dining areas have laminate flooring emulating oak, like the cabinets. And, there's a unobstructed mountain view from the dining room and deck off the dining room.

The entry flooring emulates white slate. Both bathrooms now have china lav sinks, new fixtures and solid surfaces. Add some new hall lighting fixtures and soothing paint colors, and this home is a can't miss.

This 4BR, 2BA, home is well maintained and well loved.
